

## Family Law Seminars and Events

At **4PB** we know how important it is to stay up to date. We are pleased to offer a range of talks and seminars in all areas of family law and court of protection.

Members are available to attend solicitor premises, and local authorities for either internal department based presentations, or at larger client orientated functions. Talks and family law seminars can be tailored to meet any specific needs.

We also run our own conferences from time to time. Details of Chambers seminars and how to book will be published here.
