

Indu Kumar instructed to represent the UK Health Security Agency in the UK Covid-19 Inquiry

15th November 2024

The UK Covid-19 Inquiry, which began on 28 June 2022, has been set up to examine the UK's response to and impact of the Covid-19 pandemic and learn lessons for the future. The inquiry investigations have been organised into Modules, and throughout each, the Inquiry hears evidence from witnesses, experts and Core Participants through a series of corresponding hearings.

Indu Kumar will be working on Module 7 (test, trace, and isolate - looking at the effectiveness of the strategy put in place by the UK Government). Hearings for this module are listed for 2025.
