

FINANCIAL REMEDIES TEAM

4PB is committed to prioritising the welfare of members, staff and clients during the coronavirus outbreak. The financial remedy team continues to offer the following services to facilitate court hearings and to continue our provision of expert out-of-court family dispute resolution processes.

THE ADMINISTRATIVE SIDE OF REMOTE COURT HEARINGS AND ALTERNATIVE DISPUTE RESOLUTION

The use of remote technology is already established and in use daily for financial cases at 4PB to connect courts, lawyers, clients and experts both on a domestic and international level.

4PB offers all platforms for financial cases including but not limited to telephone, Lifesize, Zoom, Skype, Microsoft Teams including on an urgent basis and for emergency financial hearings.

4PB can assist in organising an appropriate setup for your particular financial case, to include private meeting rooms and a corridor for counsel's discussions.

4PB has an established subscription to software to assist with the creation and pagination of electronic bundles within minutes for any financial case in which our barristers are involved.

ALTERNATIVE DISPUTE RESOLUTION SERVICES

4PB is already facilitating the following ADR processes on a daily basis.

PRIVATE FINANCIAL DISPUTE RESOLUTION APPOINTMENTS / EARLY NEUTRAL EVALUATION

A 4PB financial remedy specialist will act as a private FDR judge at a time convenient to the parties via a remote platform. 4PB counsel will evaluate and explain the merits of each party's case and provide an indication as to the likely outcome in a financial case. The use of private FDRs during the coronavirus outbreak has been urged by Mr Justice Mostyn. 4PB offers financial experts at all levels, ranging from silks to juniors.

FINANCIAL MEDIATION

4PB mediators offer direct work with parties before or during proceedings, ensuring each person's view is heard, to steer a path towards a financial agreement.

FINANCIAL ARBITRATION

Senior family law barristers at 4PB offer arbitration of financial disputes as a binding alternative to using the court process. The service offered is confidential, timely, cost-effective and can be used to decide all financial matters or specific aspects of a dispute, in relation to interim or final matters.

FINANCIAL ROUND TABLE MEETINGS

We can accommodate round table meetings between lawyers with a view to resolving financial disputes between parties. 4PB offers financial experts at all levels to assist with this process and will provide the accompanying remote technology to facilitate meetings.

4PB financial remedy practitioners are also accredited to provide advice to separating couples jointly in relation to their financial disputes through The Divorce Surgery.
